SCHOOL BOARD PLANS PURCHASE OF 14 LOTS

The Albany Board of Education will purchase 14 lots totalling eight-tenths of an acre at Brighton and San Gabriel Aves., for the sum of \$18,000 after October 15, provided the Albany School Bonds for \$25,000 are passed at the election on that date.

The announcement was made today by Robert Dennis, assistant superintendent of schools, who said the lots were the only available set vacant lots of that size in the city.

If the bond issue carries, the property will be used as the site of a primary school, prescribed by a recent survey for the students residing north of Solano Ave.

The board also voted to release school children one hour per week for religious education at churches of their own choosing if they request it. The edict previously passed on a year to year basis, will remain in effect indefinitely, unless cancelled by the board.

It was also decided to renew the medical payment insurance paying a maximum of \$250 for persons injured while under the supervision of the Albany Public Schools. This covers children and adult students but not teachers, for whom other provision is made.

Tiny Graduates Get Sheepskins From Pre-School

Miniature graduates, dressed in small, white caps and gowns, stepped up to Director Nell Curran on Friday afternoon, September 6, and received graduation diplomas from the Albany Pre-School.

The members of the graduating class were Patti Jane Shock, Louis Web, Bill Heinkel, Joe Tracy, Cynthia Lane, Meri Thompson, Michael McCormick and Arthur Wise. The wee members of the class, who will enter kindergarten this fall, were feted after the exercises by the regular afternoon students of the school.

When interviewed about her opinion of graduation, Graduate Meri Thompson, aged four years and eight months, observed: "My hat kept coming off and I had to go to the toilet."

Freckled Joe Tracy raised his snub nose out of his ice cream to

Albany V.F.W. To Hold Annual Smoker Sept. 27

Jimmy Muir will again take charge as master of ceremonies, according to Raymond Ham, chairman of the event, which will feature 22 acts of theatrical talent.

Other committee members include Robert Derthick, Bob Hayhurst, Andrew Ahlborn, J. Nelson, Edward McCullough, William Graves, Bert Hill, Robert Duncan and John Lundberg.

At the next regular meeting 10 new candidates will be initiated.

BONDS FOR SCHOOLS APPROVED

The Albany Chamber of Commerce approves and recommends the passage of the Albany School Bonds on October 15. Today President Oliver Nelson announced that the Board of Directors unanimously adopted a resolution to this effect after fully considering the needs of the children of Albany for additional school buildings.

In the resolution of approval the Directors stated: "It is apparent that state funds derived from the sales tax and other sources are not available for the construction of sorely needed school buildings." The school district is already using all funds available for the education of more than 3,300 children who are enrolled in the schools.

The directors went on to state that "adequate school facilities are conducive to keeping desirable residents in this city, thus making for better purchasing power for the benefit of the city and of local business in general." Albany is a community of homes and can only retain its individuality and high quality by maintaining excellent schools.

The board emphasized that "the expenditure of local money on school buildings constitutes an investment that remains as a permanent asset to the community." The proposed building program calls for the construction of a primary school west of San Pablo Avenue and another north of Solano Avenue, the replacement of the old building at Cornell school and an addition of several types of classrooms, including a swimming pool, at the high school. These buildings will be strategically located to provide the maximum educational advantages for all areas of Albany for an indefinite length of time.

The directors are urging every member of the Chamber of Commerce to work actively for the successful passage of the school bonds.

'Y' CITED BY ARMY AND NAVY

A joint Army and Navy citation has been awarded to the Young Men's Christian Association, it was announced today by Elmer F. Coble, Albany executive secretary.

The honor, which the 'Y' here shares with other Y.M.C.A.'s throughout the country, was conferred upon the organization in recognition of its USO activities, he said.

The award bearing the signatures of Secretary of War Robert P. Patterson and Secretary of Navy James Forrestal, was presented to the 'Y' here Wednesday.

Hailing the Y.M.C.A. for mobilizing its nationwide resources, including Army and Navy Y.M.C.A.s to serve the spiritual, educational and welfare needs of men and women in the armed forces, the citation states that the contribution of the 'Y' was "of substantial aid in the successful prosecution of the war and in preserving the basic values of American democracy."

According to Mr. Coble, the 'Y' in this city and throughout the country aided essentially through its operation of 500 clubs as one of the six agencies comprising the war-born organization.

He also disclosed that in addition to training thousands of junior hostesses for USO work, the 'Y' assigned more than 700 trained professional 'Y' workers to key posts in the war agency.

"The USO is one of the finest expressions of American unity," Mr. Coble declared. "A morale instrument of tremendous value, it demonstrated to the men and women in the service that the people at home were deeply concerned with their welfare; it served to span great distances to keep them linked with the life of their own communities."

"In accepting the award, I am only serving as a representative of the citizens of this city who went all out to show their sons and daughters through the USO that no matter where they were they were not forgotten at home."

Mr. Coble said that the USO will continue to maintain its services to the armed forces, especially to the wounded confined in hospitals. He added that at the height of its activities—between VE and VJ days—the USO was serving 1,000,000 veterans a day.

Prototype of the USO, he revealed, was the U. S. Christian Commission organized by the Y. M.C.A. which put almost 5,000 workers in the field during the early days of the Civil War. A similar service was also carried on by Southern associations, he said. The 'Y' trained workers, he declared, cared for the sick and wounded and supplied food and comfort to the Union troops.

Legion To Hold Family Picnic September 22

By WALTER HOLLAND

With Unit No. 292, the American Legion cooperating, Albany Post No. 292 will hold a family picnic in the Tilden regional park Sunday, Sept. 22. The details of the family gathering of the two organizations are being handled by Clifton Gary for the Post and Mrs. Rose Connolly for the Unit.

The feature attraction of the day will be the long-talked-of baseball game between the veterans of World War I and vets of World War II, members of Albany Post. In arranging the details the World War I veterans are to have 18 players on the field of battle while the World War II veterans are only to have a team of nine men and no more. The committee in charge will have a suitable prize for the winning team. It is expected that no help or aid will be required by any veteran of War II. In keeping with the proposition that the War I veterans can use two men for every position, this team will have two managers in the persons of Howard F. Hill and Peter Bench. The War II veterans at the last practice chose Eugene Houser to be manager of their team.

Mayor Frank C. Gracber, Police Chief Stanley Williams and Fire Chief Fred Pimental have volunteered their service as umpires and with this group of public servants both teams expect to get impartial decisions besides maintaining law and order.

The couples enjoyed swimming, dancing, hiking, playing horseshoes and a special steak barbecue.

The gathering included Mr. and Mrs. Lester McDermott of Oakland, Mr. and Mrs. Harry Barrows and Mrs. William Roberts, and Mr. and Mrs. Frost Whalen of Albany.

Report to people who are waiting for telephone service

We've added telephones almost twice as fast as ever before... but orders keep pouring in

More than 324,000 telephones have been added on the Pacific Coast in the first full year since the war. During the first half of 1946 we added telephones almost twice as fast as ever before.

Still, there is a tremendous job yet to be done. The Pacific Coast is continuing to grow rapidly. New applicants for telephone service have been pouring in at double the rate a year ago.

But we are doing our best to catch up. Millions of dollars worth of new equipment is on the way.

You may be certain that we will bring you your telephone just as soon as we possibly can. Thank you for your patience.

NOW...EVERY FAMILY CAN AFFORD FUNERAL INSURANCE

A few years ago it was uncommon to find any family fully prepared to meet the financial burdens of a bereavement. But today, the funeral payment plan that takes care of the entire cost of a complete funeral is one of the most rapidly growing forms of family protection.

A Funeral Service Plan establishes in advance just how much the funeral shall cost and pays the expenses without taking away from the savings and insurance funds of those who remain. And there is added peace of mind in knowing that no one will have to perform many involved business affairs at a time when hearts are troubled by sorrow.

We will be pleased to tell you about a reliable plan that renders a broad service at low cost.

EVERY HOME NEEDS

ADEQUATE WIRING

SERVES AND SAVES

Electricity works hard in the modern home. And you put it to work in every room in the house. That's why house wiring today must be better, more complete . . . Adequate now and for the future.

Adequate Wiring gives added convenience, too. For example, when there are too few outlets, your furniture must be placed not where it looks best but where the few outlets are. Also one must disconnect a clock or radio to run the vacuum cleaner.

Insist on complete, modern Adequate Wiring in your new home. Look for it in your house plans and keep it there. Don't cut down on your house wiring. You'll be sorry later if you do.
